

City of Robbinsdale Recreation Services, along with the Cities of Crystal and New Hope presents:

# Techno Crazy

Youth in grades 1-5 take both 4 week classes and get Techno-Crazy with Mad Science this winter! Learn the basic forces that make technology possible: use Newton's laws to make things move, convert potential energy into kinetic energy, leverage simple machines to do your work, and use gravity to keep your balance. Explore the world of future technology as we set up a cellular tower relay to track our friends, program and command real robots, harness the power of the sun's heat, and make light from a liquid. Continue your techno-crazed exploration on your own with your Inertia Kit, Catapult, Drag Racer, Gravity Game, Optical Fibers, Mechano- Hand, Crank'n Shine Flashlight, and Black Light Writer.
