

Children are naturally drawn to science because of its almost magical qualities. Science sparks wonder and imagination in children and allows them to use their natural curiosity for discoveries. Science Explorers understands children and their need to learn more about their environment and the world. Science Explorers' activities challenge children to develop their creative and divergent thinking skills by providing "hands-on" activities and experiments that encourages children to try different solutions. Gaining these skills will help children throughout their entire life.

MIXTURE MADNESS

Pour, mix, measure and stir! In Mixture Madness you will be exploring the world of chemistry by mixing together safe ingredients. You will create slime while learning about polymers, have fun with magical crystals while learning about absorption, plus formulate your own mixtures through open exploration. Be sure to dress so you can get messy as we explore these and other fascinating mixtures.

Register by January 15.

Activity: 410812
Who: Youth ages 3.5-6
When: Mondays, Jan. 22-Feb. 12
 9:30-11 am
Where: Science Explorers (in Popp's Building)
 620 Mendelssohn Ave. N, Golden Valley
Fee: \$50

DYNAMITE DINOSAURS

Enter the Science Explorers' time machine and journey back to a world where dinosaurs ruled the earth. Become a paleontologist to learn how enormous or small these amazing creatures were, plus participate in a "mini" dino dig. You will have a dynamite time with hands-on experiments, studying fossils, and much more as we journey back in time.

Register by February 19.

Activity: 410810
